

Joining the DPG community

What?

The DPG Community is used for you to connect with your Facilitators and fellow peers when completing your programme. As well as containing regularly updated information on a range of HR, L&D and Leadership topics, you will find important information, links to useful articles and posts and almost 11,000 HR and L&D professionals to network with.

How to register

1 Access community.dpgplc.co.uk and select 'sign up'.

2 Input your details, along with a password. Then click 'create an account'. Keep your password safe as DPG does not have access to it.

Create Profile on DPG Community

Almost there! Tell us a little bit more about yourself.

Full Name *
Joe Bloggs

What is your job role? **
Creating accounts on the DPG Community

3 You are now a member of the DPG Community. You can explore around and connect with other HR and L&D professionals.

4 You will be added to your relevant programme group where you can collaborate with your facilitator and access any resources. Once you have been added you will receive a notification of your group access. You can also access under groups and the 'my groups' tab.
